

SIDUS CAPABILITIES

NAICS AND CORE COMPETENCIES

At Sidus Space, our passion drives us to pioneer the next era of space exploration. With unwavering dedication, we create groundbreaking solutions that keep us at the forefront of the space industry. As a recognized leader, we provide top-tier solutions for both government and commercial space ventures, poised to further expand our capabilities in the years ahead.

Sidus has played a pivotal role in numerous significant projects within the rapidly growing \$1 trillion space economy, such as Artemis I and the International Space Station (ISS). We've contributed by manufacturing essential ground support equipment for the Orion Spacecraft, collaborating on the Space Launch System, and producing thousands of wire harnesses for the Pad and Mobile Launcher

At Sidus Space, our unwavering commitment to delivering top-quality products and services remains steadfast. We firmly believe in the power of collaboration as the cornerstone of our success, always adapting to meet our customers' evolving needs with flexibility and agility.

CORE COMPETENCIES
» Space Platforms
» Mission Operations
» Space Operations Management
» LEO Satellite Launch and Deployment Support
» Design Engineering
» Data Transfer and Analytics
» Geospatial Intel, Imagery and Sensor
» Space Hardware Manufacturing
» Wire and Cable Harness Fabrication
» 3D Printing

DUNS
» 079959142

CAGE CODE
» 7GK95

UNIQUE ENTITY ID
» UAWKMCFNMT1

NAICS CODES
» 336414 - Guided Missile and Space Vehicle Manufacturing
» 332312 - Fabricated Structural Metal Manufacturing
» 332510 - Hardware Manufacturing
» 332618 - Other Fabricated Wire Product Manufacturing
» 332721 - Precision Turned Product Manufacturing
» 332813 - Electroplating, Plating, Polishing, Anodizing, and Coloring
» 332911 - Industrial Valve Manufacturing
» 332994 - Small Arms, Ordnance, and Ordnance Accessories Manufacturing
» 332996 - Fabricated Pipe and Pipe Fitting Manufacturing
» 832999 - All Other Miscellaneous Fabricated Metal Product Manufacturing
» 333318 - Other Commercial And Service Industry Machinery Manufacturing
» 333514 - Special Die And Tool, Die Set, Jig, And Fixture Manufacturing
» 333515 - Cutting Tool And Machine Tool Accessory Manufacturing
» 335314 - Relay And Industrial Control Manufacturing
» 335931 - Current-Carrying Wiring Device Manufacturing
» 336413 - Other Aircraft Parts And Auxiliary Equipment Manufacturing
» 339112 - Surgical And Medical Instrument Manufacturing
» 339999 - All Other Miscellaneous Manufacturing
» 541715 - Research And Development In The Physical, Engineering, And Life Sciences <i>(Except Nanotechnology And Biotechnology)</i>
» 927110 - Space Research and Technology
